The acquisition of Bic  
Sport and consequences  
for the Class

Take Outdoors is acquiring BIC Sport.

*BIC's strategy to focus on its core activities (of stationery, lighters, and shavers)*

*Take Outdoor Group has being looking to expand its activities in watersports*

# Consequences to the Class

Benoit Treguilly our own Executive Committee member has reinsured the Class that the acquisition does not change anything to the way BIC Sport / Tahe Outdoors will be managing the class.

The acquisition does however mean that there shall be a process, both for the Class and for BIC Sport itself, of dropping the “BIC” name. This process needs planning and execution in agreement with the boat manufacturer.
